The attendance records shall also show the dates of a student’s enrollment, withdrawal or re-entry in the school for the applicable year. Data shall not be recorded in temporary records, and then transferred at a later date to attendance records, except for the first ten (10) days of each school year.

(4) Attendance of all pupils must be maintained during the one hundred eighty (180) day school year or the equivalent and summer school when applicable as provided by law and rules of the State Board shall be required, except for absence due to illness, or as otherwise provided by law.

(6) Pupil Attendance Records for COVID-19. Where an asymptomatic student is under a quarantine order or is not physically present in school due to contact with, or the asymptomatic contraction of, COVID-19, the student shall be considered under a stay-home directive due to contact tracing protocols. For the 2021-2022 school year, a student under a stay-home directive may only be considered in attendance for up to ten (10) days if the following criteria are met:

(a) The district has adopted procedures to continue the education of the student during the stay-home directive;
(b) These procedures rely upon continuing the student’s access to assignments and curriculum the student would be receiving were the student was physically present in school, and
(c) Instructional personnel or administrative personnel, as defined in Section 1012.01, F.S., must be available to assist the student with assignments and curriculum during the stay-home directive.

Both the time card and schedule should be signed by the employer or instructional supervisor.
(d) The attendance of a pupil who is assigned to an instructional program which does not require his or her regular presence at a school center for instructional purposes shall be reported as present or absent at an assigned school center.

(10) The principal shall be responsible for the administration of attendance policies and procedures and for the accurate reporting of attendance in the school under his or her direction. The principal shall assure that all teachers and clerks are instructed
in the proper recording of attendance, and it shall be his or her duty to see that such instructions are followed. The principal or designee shall inspect and determine the completeness and accuracy of the records contained in the Automated Student Attendance Recordkeeping System for each of the required full-time equivalent student membership periods. At the end of each school year the principal or designee shall certify the completeness and accuracy of the automated attendance records indicating that all attendance records have been kept as prescribed by law and rules of the State Board. The method used to certify the records is based on internal district procedures. The automated student attendance records shall be readily accessible in a form prescribed in subsection (12) of this rule for state auditing and monitoring purposes. An attendance record containing any material inaccuracies, resulting from willful or intentional falsification of data by or for the principal, shall be considered a false report for which the principal shall be subject to penalties as provided by law.

(10) For FTE auditing purposes, if the principal or designee failed to sign an attendance record or report, a signed and dated certified statement from the principal or designee identifying that the record was the record used to report attendance for a particular school year, that the record has not been changed since that time, and that attendance was reported as prescribed by law and rules of the State Board may be substituted for the lack of an original signature. If neither the principal nor designee is an employee of the school district when the absence of a signature on an attendance record is discovered, the superintendent or designee may sign the certified statement. If attendance records are incomplete as to verification of full-time equivalent student membership for funding purposes prior to July 1, 2001, other records maintained by the school district may be used to verify membership provided a signed and dated certified statement is appropriately attached as provided in this subsection.
